

The Lifetime Giving Report

SRU DONORS RECOGNIZED FOR LIFETIME GIVING

Slippery Rock University's effort to recognize and honor those who have helped create a culture of giving at The Rock is gaining a visible presence among its alumni and friends. Launched last year, the Lifetime Giving Clubs honor a distinguished group of benefactors who have made a profound impact on the lives of Slippery Rock University students and faculty.

Slippery Rock University's Lifetime Giving Clubs includes seven levels to honor alumni, friends and corporations whose cumulative giving totals \$5,000 and more.

The prominent recognition awarded to individuals who are honored through the program is a lapel pin. It is a replica of the President's Medallion created by Slippery Rock University art students for the 2004 inauguration of President Robert Smith. Inset on each lapel pin is a gem that is visual acknowledgement of each individual's recognition level.

At publication, 114 individuals have been presented with lifetime donor recognition lapel pins. Included throughout the complete listing are photographs of individuals who have been recently "pinned."

If you would like more information on getting "pinned," please contact the Office of University Advancement at 724-738-2004.
